IFM
Italian Fitting Manufacturer

An Italian Story

About us

Italian Fitting Manufacturer S.r.l. (I.F.M. S.r.l.) Company was founded in 2021 by group of manager with more than 20 years of experience in the Oil & gas sector .

Based on the International rules I.F.M. is specialized from the beginning in the production of Butt-welding fittings such as Elbows, Tees, Cross, Reducers, Bends and Caps ext ...up to 48" in Hot and Cold forming.

According to international market needed and thanks to its considerable range of products I.F.M. can supply not only of common material (Carbon Steel, Low Temperature or Alloy Steel) but also special Grades such as Stainless Steel, Duplex, Super Duplex, Titanium and other materials.

IFM

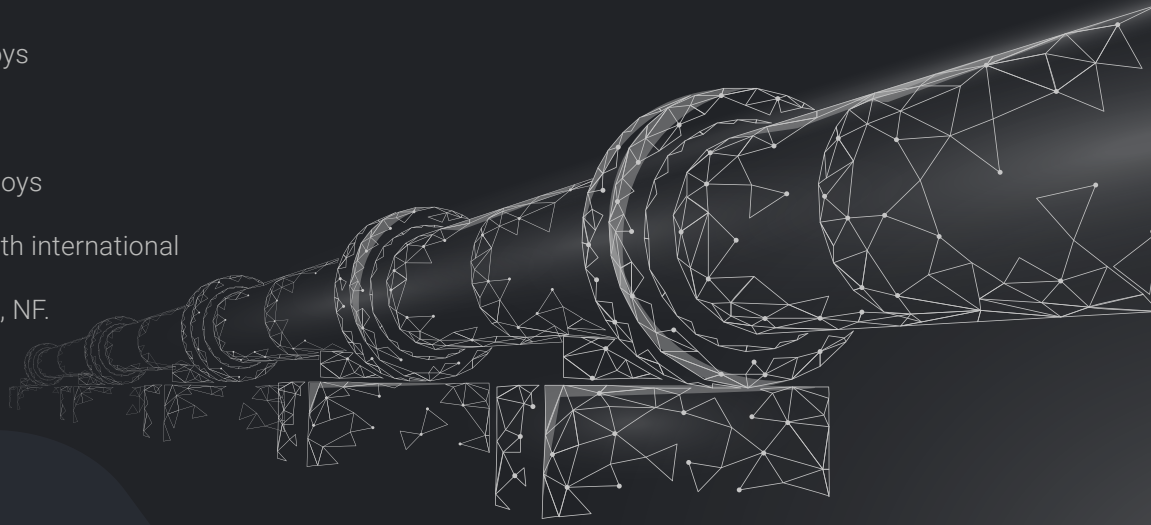

Italian Fitting Manufacturer

Range of materials

- Carbon Steel
- Low Alloy Steel
- Stainless Steel and Special Alloys
- Duplex
- Super Duplex
- Hastelloy C276
- Monel 400 and other Nickel Alloys

All materials in accordance with international standards:
ASME, ASTM, DIN, EN, UNI, BS, NF.

IFM

Italian Fitting Manufacturer

Bulk materials products

Main categories of bulk materials are:
PIPES - FLANGES - BOLTS & NUTS - GASKETS - VALVES

Bulk Material package

I.F.M. provides a broad range of Pipes, Valves, Flanges, Gasket, Stud Bolts ext... That are available in a wide variety of materials to fully meet even the most complex and unique requirements in order to satisfy our Client requirements.

...some example

- BW and SW fittings for welding
- forged and rolled steel products
- welded and non-welded tubes
- flanges
- ball valves, butterfly valves, sluice valves and safety valves
- slincers and filters
- heat exchangers, stills, launch and receiving traps, tanks and special components
- large-scale tanks and reactors
- electrical components

Special Pieces

I.F.M. operate on all continents across a wide range of industries and partner.

I.F.M. offers a wide range of pipes, fitting, valves, flanges and accessories that, as a complete package, can satisfy every customer request.

Each customer is managed through a specific project and every project starts from the analysis of requests and from contact with our partner producers in order to implement a detailed analysis of problems and identify the best solutions.

The package is composed of: products, services and technical assistance specifically to each project

Process Packages Oil & Gas

Thanks to our good connection in the Oil & Gas field we are able to support you also for process packages with our partner company.

Oil & gas:

- Pressure vessels and reactors (carbon steel, sS, exotic materials).
- Heat exchangers of any kind
- Flares and Burners, regenerative combustion
- Gas Sweetening, Sulphur Recovery, Tail Gas treatment, Off Gas incineration, Sour Water stripping
- Diesel oil/gas/Hybrid generators
- Storage Tanks and Spheres
- Gas mixing and pressure reducing Units
- Sample systems and analyzers

IFM
Italian Fitting Manufacturer

Process Packages

Desalination and water treatment

- Seawater intake bar and travelling screens
- Primary water treatment plant for boiler make-up
- Potabilization plant
- Zero liquid discharge and waste water recycle.
- Hydrogen and nitrogen production package
- Electro chlorination packages

Third Party Inspection
According to Annex I, par. 4.3 of Directive 2014/68/EU

Manufacturer / Holder : Italian Fitting Manufacturer S.r.l.
(Name & Address) : Via Toscana 5, 20096 Pioletto (MI)

Description of Product : Forgings and Fittings
(Refer to Annex I for details)

Material Manufactured : A105/A106, F22/A420, F304/WP304, F304L/WP304L, F316/WP316, F316L/WP316L, XM-19, F51/UNS S31803, F51/UNS S32750, F55/UNS S32750, F44/UNS S31254, F347/WP347, F347H/WP347H, F11/WP11, F22/WP22, F91/WP91, N06600, N08800, N10276, N06625, N08825
(Refer to Annex I for details)

Inspection Report No : 039-03-011-07168

Module & Category : According to Annex I, par. 4.3 of Directive 2014/68/EU

Standards/ Norms applied : EN 10204: 2004, ASTM A 105/A 105M, ASTM A 234/A 234M, ASTM A 350/A 350M, ASTM A 420/A 420M, ASTM A 182/A 182M, ASTM A 403/A 403M, ASTM B 564 / B 366
(Refer to Annex I for relevant material standards)

This Certificate is issued by **Swiss Approval Technische Bewertung S.A.** referring to the above-mentioned manufacturer as Material Manufacturer (see list above), according to the provisions of EN 10204: 2004, ASTM A 105/A 105M, ASTM A 234/A 234M, ASTM A 350/A 350M, ASTM A 420/A 420M, ASTM A 182/A 182M, ASTM A 403/A 403M, ASTM B 564 / B 366 & the Pressure Equipment Directive 2014/68/EU Annex I Paragraph 4.3 and applied technical specifications.

- All modifications should be first submitted to **SWISS APPROVAL TECHNISCHE BEWERTUNG S.A.** to ensure further validity of this attestation. The certificate of compliance refers only to the requirements of the above mentioned standards and does not indicate a Modified Body certification under EU directive.
- This certificate remains valid only when the organization passes the annual surveillance third party inspection.
